### Current Alerts

# **SITUATION SUMMARY**

## **Reed, Vegetation Fire - Calaveras County (New)**

**Location of Incident:** 320 George Reed Drive, San Andreas

**Jurisdiction:** SRA

**Start Date/Time:** 1527

- 109 acres, 75% Containment
- All evacuations have been lifted for Saddleback Subdivision, Howell Road and Maggrs Road
- Shelter at San Andreas Town Hall, 24 Church Hill Road in San Andreas has been closed
- Full containment is expected today

## **680 Fire, Solano County (New / Final)**

**Location of Incident:** Central Road and Pitman Road in the City of Fairfield

**Jurisdiction:** LRA

**Start Time:** 1632

- 10 acres grass, 100% containment
- 2 Structures destroyed
- All CAL FIRE resources released

## **Stony Incident - Vegetation Fire - Fort Hunter Liggett (DOD) - Monterey County (Update)**

The Stony Incident is burning on Federal property near Nacimiento-Fergusson Road and Stony Valley on Fort Hunter Liggett in Monterey County.

- 4,840 acres and 80% containment
- The fire began on a US Army firing range and is confined to base property
- USFS resources committed; CAL FIRE resources demobilizing today
- 2 Local Government Overhead are assigned
- Full containment is expected today
- Cal OES FDO is monitoring the incident

OF EMERGENCY SERVICES

# **SITUATION SUMMARY**

## **NASCAR Sprint Cup, Sonoma County (New / Final)**

- Sonoma Raceway will be hosting NASCAR Sprint Cup series this weekend. County officials estimate that today's race is expected to attract approximately 40,000 spectators.
- California Highway Patrol and raceway officials have plans to mitigate traffic on state Highways 37 and 121 during the Bay Area's largest single-day sporting event. The focus is informing non-race attendees about alternate routes in and out of the Napa and Sonoma valleys. They will be using 46 changeable message signs, 25 more than usual, within a 15-mile radius of the facility to direct traffic away from the two highways. Traffic warnings, including maps and alternate routes have been widely distributed to local hotels, restaurants and wineries for residents and visitors.
- Sonoma Raceway's traffic manager will work with more than 30 CHP and Caltrans employees.
- The 95th CST will provide area monitoring, secure communications, and WMD expertise for the event.

## **Cal EOC Incident – 2014 Drought**

- SOC / Inland REOC remains activated in support of 2014 Drought

# WEATHER

## WEATHER SYNOPSIS BY REGION:

### **NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:**

#### **Eureka Weather:**

High pressure off the coast of California will continue to be in control of our weather with dry and seasonable temperatures into the middle of next week. Mostly sunny inland with some overnight and morning clouds along the coast north of the cape and the lower portion of the Eel River.

#### **San Francisco Weather:**

Little change in the weather pattern is expected through the next several days. Areas of night and morning low clouds and fog will mostly be limited to near the ocean. Inland areas will remain warm and dry with above normal temperatures. An upper level trough will move into the Pacific Northwest next Thursday. This trough may produce rain across far northern California.

### **CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY**

#### **Sacramento Weather:**

Occasional high clouds with temperatures slightly above normal through middle of next week with locally breezy winds at times in the Delta and over higher terrain. Late next week, a trough may bring a threat of thunderstorms to the northern mountains.

#### **Hanford Weather:**

A dry westerly flow aloft will reside over the central California interior during the next several days with a continuation of above normal afternoon temperatures.

## **WEATHER SYNOPSIS BY REGION: (Cont.)**

### **SOUTHERN CALIFORNIA:**

#### **Los Angeles Weather:**

The high will bring fair skies to most areas except for night to morning clouds and fog on the coast into next week. The coastal temperatures will be around normal, and inland areas will be above normal into next week, with the warmest days Monday and Tuesday. A low system will approach towards the end of next week.

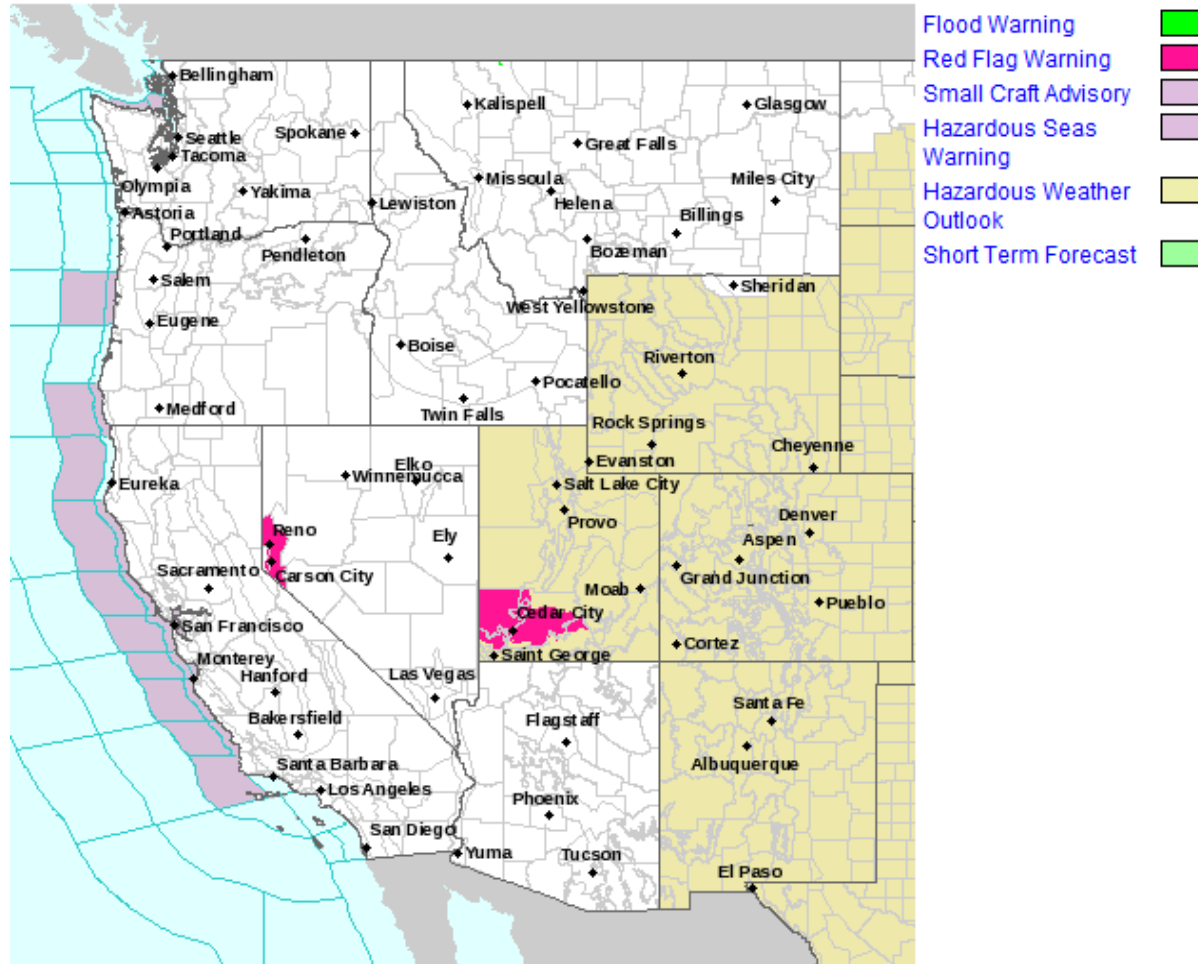

#### **Extreme Southwestern California Including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties:**

Seasonal weather with onshore flow will continue for the next week with gusty west winds in the mountains and deserts each day for late afternoon through late at night. Areas of night and morning coastal low clouds and fog will spread locally inland. Through Monday, slight cooling and slight deepening of the marine layer, a little warmer for Tuesday, a little cooler for Wednesday and Thursday, followed by minor day to day differences into next weekend.

#### **Southeast California Weather:**

A much drier and warmer air mass is on tap this weekend as high pressure continues over the southwest states. Afternoon temperatures will typically range from 105 to 110 each day across the warmer deserts. Slight cooling is expected next Monday as a weak and dry disturbance moves across the area, followed by a few degrees of warming early next week as higher pressure aloft returns. Dry westerly flow aloft will be the rule during the latter half of next week, keeping high temperatures near or slightly above seasonal normals.

# CAL OES ACTIVATIONS

## Cal EOC Incident – 2014 Drought

- The SOC is activated at Level 2 in support of the Drought State of Emergency from 0800-1700 hours daily.
- The Inland REOC is activated at Level 2 from 0800-1700 Monday through Friday or as needed.
- The Southern REOC is activated at Level 1.
- The Santa Barbara County OA EOC is activated at Level 2 to be handled by the duty officer for the purpose of monitoring activities and gaining situational awareness. The operational period is 0800-1700 hours.

## **Cal EOC Incident – 2014 Drought**

### **Situational Summary**

On January 17, 2014 Governor Edmund G. Brown proclaimed a State of Emergency and directed state officials to take all necessary actions to prepare for drought conditions. The State Operation Center (SOC) is activated to implement objectives in support of the Governor's priorities. The lack of winter rain and snowfall has resulted in extremely dry conditions in many parts of the State. Reservoir levels are down significantly from where they should be on average for this time of year. If conditions continue without substantial rainfall, severe impacts to municipal water supplies, agriculture (plants and livestock) and firefighting capabilities are likely in store for the State over the next few months. Negative economic impacts will also result.

On April 25, 2014 Governor Brown released an Executive Order on Friday enabling several urgent actions to be taken as the drought persists into the state's traditional dry season.

\*\* As this rainy season comes to an end, it is highly unlikely that precipitation totals will increase significantly over the coming months. This winter's below average rain and snowfall worsens conditions in this third straight dry year.\*\*

## Situational Summary (Cont.)

- The Taskforce continues to meet regularly to take actions that conserve water and coordinate state response to the drought.
- The final manual snowpack survey of the season was conducted on Thursday (May 1) and showed California snowpack at 18% of normal.
- DWR has announced that water essential for health and safety will be delivered through the state water project. The current State Water Project Allocation is 5%.
- Cal OES continues to gather drought-related costs from state agencies and local governments.

# CAL OES MISSIONS

## Ongoing Cal OES Missions

- **2014-LAW-3898**, Tuolumne County Sheriff's SAR team will participate in a multi agency helicopter training. The training will include orientation to the Helicopter and its capabilities. Participating agencies will include Calaveras and Stanislaus County. Stanislaus County will be providing the helicopter resource for this training event. The Cal OES LDO coordinating resources.
- **2014-LAW-3871, Update:** On 6/21/14, Ventura County's resource request for Saturday 6/21/14 increased to 40-45 Type II SAR personnel. LDO obtained the requested personnel from Kern, Fresno, Los Angeles, Orange and Santa Barbara County. San Luis Obispo County agreed to provide resources for Sunday, 6/22. These mutual aid personnel will augment about 45 personnel from Ventura County for planned searches. **Situation:** Ventura SO is requesting SAR mutual aid to assist in the search for a 34 year old off-duty Arcadia firefighter missing since Friday evening in the Los Padres National Forest, North of Fillmore, Ventura County. The MP was camping with a fellow fire fighter and, while at their camp, chased after his dog which had run off; he hasn't been seen since. His friend didn't report him missing until Sunday night, at which point an all out search was initiated with local resources. The mutual aid request is for 20-25 Type II/III ground searchers, 3 area K-9's (which Ventura has in county) and the use of the California Wing of the Civil Air Patrol (CAP) to be used as an aerial relay due to the drastic changes in elevation which is causing difficulty for operators to hit repeaters while communicating on radio's. San Luis Obispo, Kern, Orange, Los Angeles, and Fresno Counties all agreed to provide personnel. On 06/19/14, Ventura requested 20-25 searchers daily Friday through Sunday, with an operational period of 0600 to dark daily and the continued use of CAP through the weekend. CAP accepted the mission. Ventura also requested a Law Branch representative to conduct a search review of the search operation; a Cal OES Assistant Law Chief was approved to deploy. On 06/19/14 at 1807 hours, Ventura requested three area search dogs. Ventura already had commitments from the handlers of three dogs assigned to the Los Angeles City Fire Department and the request was for these specific dogs. Request referred to Cal OES canine coordinator. Los Angeles Fire accepted the mission, without an expectation of reimbursement.

# CAL OES MISSIONS

## Closed Cal OES Missions

- **2014-LAW-3846, Update:** On 06/21/14, Inyo County personnel, with the assistance of the US Forest Service and California National Guard, successfully recovered the missing person's body on the morning of 6/20/14. All mutual aid resources have been released. Mission closed.  
**Situation:** Inyo County S.O. (ICSO) is requesting SAR mutual aid assistance to locate a missing 60 year old male last seen at 1845 hours on Sunday, 06/15/14, on the switchback above the trail camps on Mt. Whitney. The MP was descending the mountain with friends but they continued on without him as his pace slowed; they thought the MP would meet them back at camp but he never arrived. ICSO has been searching with local resources to no avail and are now requesting Kern County SAR to assist.

**Mission:**

We protect lives and property, build capabilities, and support our communities for a resilient California.

*We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.*
